

Dear Friends,

At United Way of Grant County, we believe a simple truth: **United is the Way**. When we come together as a community, we mobilize lasting change—ensuring every person in Grant County has the opportunity to thrive.

In the past year alone, our collective impact has been remarkable:

- Funded **12 critical programs** focused on health, youth opportunity, and financial security.
- **Over 19,000 books** distributed directly to children in Grant County, sparking a love for reading and lifelong learning.
- **1200 hours of volunteer service** with Day of Action volunteers and partners, creating tangible change in just one day.

These achievements are possible because local businesses and organizations like yours believe in the power of working together. Your involvement—whether through hosting a workplace campaign, volunteering, or spreading the word—makes a real difference.

**If you've partnered with us before, thank you!** Your continued dedication helps sustain and grow this impact. **If you're considering running a campaign for the first time, we're here to help.** From resources and support to interactive presentations that engage your team, we'll ensure the process is easy and meaningful.

In your campaign packet, you'll find everything you need to get started. Explore more tools and ideas at [uwgrant.com/toolkit](http://uwgrant.com/toolkit).
